

Iso-corner fixing anchors for aerated concrete (E).

DESCRIPTION

Set of anchors for fixing on aerated concrete substrates (E).

MAIN PROPERTIES

- Facade anchors with double-diameter screw;
- Secure anchoring thanks to combined expansion zone;
- High load-bearing capacity.

TECHNICAL DATA

Size	100, 120, 140 mm
Shank/bore diameter	10 mm
Depth of hole	≥ 80 mm
Anchoring depth	≥ 70 mm
Certifications	ETA 12/0602
Usage categories (EDA 330196-01-0604)	E
Drive	SW13/T40

CHARACTERISTICS

APPLICATION

Application Procedure:

Drill the cellular concrete substrate using the appropriate tool.
Clean the hole and insert the plug.

STORAGE

Storage:

Store in a dry, ventilated place.
Protect from moisture, frost, and UV rays.
